*(Motor/Persons/Gear)*

**The new EX200 redefines the  
standard in PREMIER  
aluminum bass boats.**

Precision welds, diligently formed gunwales and an exceptional gloss paint finish give the resemblance of a high-end fiberglass boat. Top-end speed, smooth and responsive handling and jolting holeshots from the EX 200's superiorly designed pad hull provide the performance of a high-end fiberglass boat.

*Pair with a Yamaha VF200LB  
for optimal performance.*

# EX200

## HIGH PERFORMANCE

An ergonomically designed console along with high performance custom bucket seats, standard driver's seat slide and standard tilt helm provide all-day comfort and a precise fit for any occupant.

## MAX STORAGE

An enormous front deck provides the ideal fishing platform. Port & center rod storage accommodate rods up to 8'. The center rod box holds up to ten rods and the port-side box up to six rods. A starboard box ensures room for additional gear and tackle. The insulated cooler step deck keeps beverages cold all day. All storage boxes on the EX200 are weather-tight with compression lid locks.
