>> Standard on all models

NEW Uni-Seal™ Floor System

>> Eliminates water retention.

Powered by Mud Buddy

The lightest and quickest F4 in the lineup has been updated for 2025.

Standard features of the Pro Hull include extremely tough .125-gauge, 5086 aluminum alloy, F4 step deck, starboard gunwhale tray, a concealed bilge compartment, welded trolling motor bracket, shark eye nav lights and bow and rear handrails. The new innovative Uni-Seal™ floor system is self-draining and eliminates water retention. Options include an Orca cooler seat, gun box, built-in fuel tank on high deck model, built-in winch and exclusive OPTIFADE camo.

High Deck option shown:

THE NEW PRO HULL IS AVAILABLE IN THREE FLOOR PLAN OPTIONS:

HIGH DECK

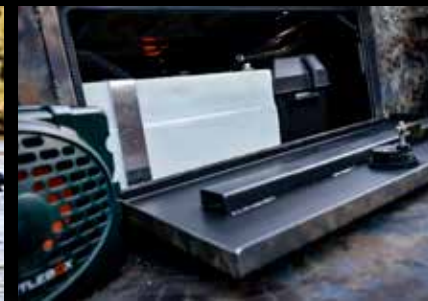

The high deck option provides a spacious raised platform that allows for extra storage and optional 12 gal. fuel tank

LOW DECK

The low deck option provides a lower, front deck with easy access step.

STANDARD DECK

This deck option is a brand new feature of the Pro Hull and offers you a completely open floor plan for maximum gear and passengers.
