# EX183/203

## FAST - NIMBLE - TOUGH - LOADED

### HIGH PERFORMANCE

The only .160 gauge high performance pad hull bass boat in the industry. Benefits include a better ride, stability and unbelievable bow control. 50+ MPH

### Bass or Crappie Package

Both options include convenient and accessible boat storage. The Crappie version converts the center storage box into a livewell plus we add two additional seat bases across the front as shown. The troll motor pedal comes with a cover, if the foot pedal is not being used.

## Bass Boat with Crappie Livewell Option

Choose single color for interior & exterior, or choose separate colors for int/ext combination.

(M) Indicates Metallic
